PAUL REVERE's BULLETIN

The only telephone calls received up to 10:00 A.M. by IGAPS regarding the Proposed NSCID's are the rewording of paragraph 7 in the memo telephoned in by State (whereby they don't bear the onus of bringing up this matter), emphasized that all Intelligence Chiefs are interested in this procedure, and a telephone call that the Army (not Navy) is ^{proposing} changing the first paragraph of NSCID No. 1 to include most of the sentences which were hashed out in the December 1st edition. As I recall it, there was no particular discussion on this point the other day. Both Army and Navy are dissenting from the definition at the end of NSCID No. 5.

Otherwise no news at the moment.
